

Merit® gas furnaces come appointed with:

Sturdy burners reduce noise and maintain efficiency throughout the unit life

Clamshell design reduces air leakage from the unit, sending more heated air to the home

Additional design elements, like pre-cut holes, pre-bent flanges, and factory installed flue collars, make the installation quicker and more precise

Dual-fuel compatible with Lennox® heat pumps for added cost savings

California Only: These furnaces do not meet the South Coast Air Quality Management District (SCAQMD) Rule 1111 NOx emission limit or the San Joaquin Valley Air Pollution Control District (SJVAPCD) NOx emission limit. For more details, [click here](#).

Merit[®] air conditioners come appointed with:

Precision-balanced, direct drive fan to keep the noise low and the savings high

Reinforced with a PermaGuard™ cabinet for long-lasting protection against rust and corrosion

Cabinets built using superior materials and proprietary designs make Lennox[®] units more durable, safer and easier to install

Fan and blades enhance air circulation and decrease noise from the unit
